# TrinEDI™ Eligibility

Eligibility

The current manual eligibility process takes between 5 and 15 minutes per patient, costing between $2 and $6 per eligibility check. But failing to verify coverage prior to treatment can be even more costly. Finally, an electronic solution to meet your needs.

PAYER connection

TrinEDI™ Eligibility Solution

Easily check eligibility to verify coverage prior to treatment. TrinEDI™ Eligibility provides:

> Verification of coverage, plan details, and co-pay amounts
> Batch submission or individual real-time query capabilities
> Historical search functionality
> Easy to use interface
> Comprehensive reporting capabilities
> Works with existing scheduling software

TrinEDI™ Eligibility Benefits:

> Reduce unpaid claims by verifying coverage prior to treatment
> Reduce labor cost and headache with handling eligibility inquires
> Same day setup with no software to install
> Improved patient customer service

Having access to Payer Connections TrinEDI eligibility system has saved our clinic staff time and money by verifying a patient's eligibility and other plan information. We send claims correctly the first time, get paid faster, and our Accounts Receivables look great!
