

Electronic Remittance Advice

Electronically receiving your Remittance Advice Information ranks as the #1 benefit and *best business practice* for your clinic. Data for payment information can be automatically posted against your practice management system, alleviating the time and energy to post payments manually.

Payment Center Provides

- Repository for reviewing individual payments, printing of single vouchers or the entire voucher, and filing of secondary claims electronically in seconds.
- Remittance information provides valuable information as to why claims are being rejected.
- Remittance information available at your fingertips reduces time wasted searching through filing cabinets or off site storage retrieval.
- Turn around time, top 10 denial reasons, and charge to payment ratios are just a few examples of reports that are next to impossible to retrieve from your practice management systems.

You'll notice the impact of our service immediately

Send Secondary Claims Electronically – Select the payment, payer and send your secondary claim electronically in seconds.

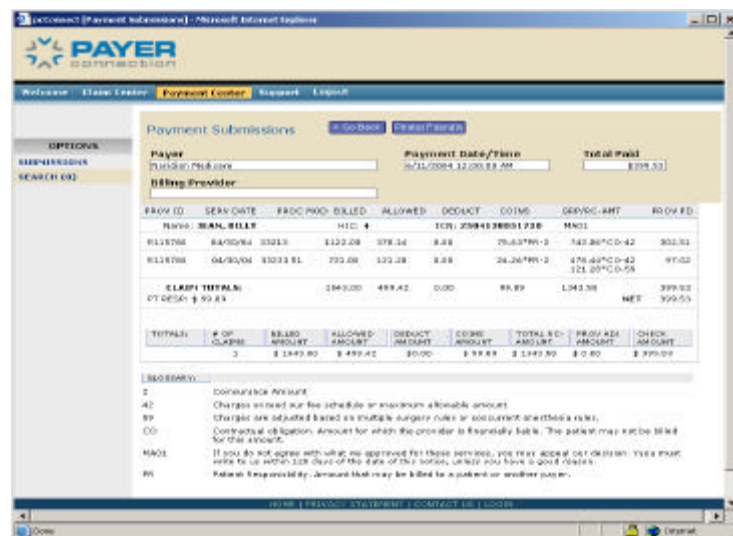

Faster Reimbursement – Remittance files are available on-line the same day they would otherwise be forwarded to a mail room for printing and mailing

Business Intelligence – Understand the payment ratios by Payer, top denial reasons, and payment turn around time.

More Benefits

- Analysis of Payment Denials
- Download files for auto-posting
